### Dear Shareholders,

I hope you and your families are healthy and safe. I am pleased to present to you our 19th Annual report for the financial year 2021-22. I feel very proud that your company has demonstrated ability to adapt and work cohesively with all our stakeholders to deliver the targeted results in these unprecedented times.

As a Chairman of Macpower CNC Machines Limited (Macpower), let me assure you that despite myriad challenges, your company is focused on maintaining the growth momentum and delivering value.

Your company has outperformed during the financial year 2021-22 by generating highest total operating revenue of Rs. 190.48 Crore against Rs. 112.87 Crore of previous financial year, representing an increase of 69% Y-o-Y. The EBITDA of the Company has grown by 127% Y-o-Y from the last year and reached to Rs. 20.86 Crore from Rs. 9.17 Crore. This year your company's Net Profit came in at Rs. 12.84 Crore versus Rs. 6.03 Crore last year, representing a growth of 113% Y-o-Y. EPS stands at Rs 12.84 per share as against Rs 6.02 per share last year.

Your Company has sold 1046 number of Machines during the year, which is the highest annual sale of machines in the history of the Company. It was also heartening to see our NEXA vertical for premium products execute 214 machine out of the 1046 machines sold during the year

Your Company's Board has also recommended final dividend of Re 1 per share (10% of FV of Rs 10 per share) for FY 2021-22 and also paid interim dividend of Re 0.50 per share (5% of FV of Rs 10 per share) during the year, this amounts to a Total Dividend of Rs 1.50 per share (15% of FV of Rs 10 per share) which is equivalent to nearly 12% Dividend Payout for the FY 2021-22.

We have started FY2022-23 with a strong order book of Rs 146.8 crore and have continued to build on it in Q1FY23. Our order book as on 30th June, 2022 stands at Rs 154 crore, which is nearly 5% higher than our order book as of end of FY22. On a typical execution cycle of four to six months, this provides us reasonable growth visibility for the rest of the year. It's further heartening to see that our premium products, which forms a part of the NEXA vertical as of today contributes to 33% of our order book as on 30 June 2022.

Your Company today has a capacity to manufacture 1300 machines per annum and is trying further debottlenecking to manufacture 1500 machines per annum. Your company is gradually increasing its production capacity and productivity every month and has also maintained its status as a debt free company having strong liquidity.

We will continue backward integration that will play a pivotal role to leverage cost effectiveness through which higher profitability can be achieved. We expect margins to keep improving year on year, as we keep growing. Gradually increasing our capacities, improvement in our capacity utilisation, higher execution of machines, increasing mix of high end machines and developing skilled manpower will play significant role in our growth strategy.

The new PMEGP guideline has provided another big boost for our company and industry as a whole. It will give significant boost to local manufacturing and help push up demand for our CNC machines as existing customers will be able to buy additional machines to boost their capacities while new MSMEs, looking to setup manufacturing, will get financing support to buy 2 machines, which was previously restricted to 1 machine. This is primarily led by expansion in the size and scope of the scheme and will help generate incremental demand for machines which in turn will improve the capacity utilisation of our augmented capacities.

"Make in India" initiative introduced by the Government of India has identified automobiles, auto-components, biotechnology, defence, railways and textiles for development. Machine tool industry will be the key enabler in this journey as automobiles, auto-components, defence and railways have been the main users of machine tools. It gives great opportunity for the sector to grow at 20-25 percent annually to increase its market share. Consumption demand is expected to grow at 15 percent.

The machine tools market in India is poised to grow probably at a CAGR of nearly 10-15 percent. Keeping our fingers crossed, we are seeing good days ahead for the Indian Machine Tool manufacturers.

Your company has also recruited more than 156 employees and such efforts of continuous recruitment, training, skill development programs will enable your company to maintain a strong and robust workforce for the growth and development perspective.

We have also introduced new machine series having different features in comparison to our competitors, which help us strengthen our position in the market.

We continue to plan for our next leg of growth, which will allow us to achieve our targeted above industry standard CAGR over the next 5 years. Manpower management, Material management, Resources management and New Product developments continue to be our mantra for growth as we aim to achieve 20-25% Revenue CAGR over the next 5 years (base year FY2021-22) adjusted for any external events outside our control.

## MESSAGE FROM THE CHAIRMAN

Macpower and its progressive team firmly believe in hard work, dedication and are assured about the future growth of the company. Your company always believes in creating value for each and every stakeholders of the company.

I would like to take this opportunity to thank all our colleagues once again. Macpower's resilience in these challenging times is a testament to their dedication and commitment. I would also like to thank my fellow directors for their valuable guidance and support to the business.

Finally, let me close by thanking all our shareholders, investors, business associates and customers for the trust and confidence they have placed upon us. I look forward to your support in our endeavor to continue delivering value for all our stakeholders over the coming years.

The Terms of Reference of Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee and corporate social responsible committee are disclosed in Corporate Governance report which forms part of this Annual Report.

**vii. Company's Policy on Directors' Appointment and Remuneration**

Remuneration policy of the Company is designed to create a high-performance culture. It enables the Company to attract, retain and motivate employees to achieve results. Our business model promotes customer centricity and requires employee mobility to address project needs. The remuneration policy supports such mobility through pay models that are compliant to local regulations.

The Company pays remuneration by way of salary, benefits, perquisites and allowances etc. to its Managing Director & the Executive Directors. Annual increments are recommended by the Nomination and Remuneration Committee

The Board of Directors, on the recommendation of the Nomination and Remuneration Committee, decides the commission/remuneration payable to the Managing Director and the Executive Directors out of the profits for the financial year and within the ceilings prescribed under the Act, based on the Board evaluation process considering the criteria such as the performance of the Company as well as that of the Directors. The said commission/remuneration is decided each year by the Board of Directors, on the recommendation of the Nomination and Remuneration Committee and paid to the Managerial personnel based on the Board evaluation process, considering criteria such as their attendance and contribution at the Board and Committee meetings, as well as the time spent on operational matters other than at meetings. The Company may reimburse the out-of-pocket expenses incurred by the Directors for attending the meetings.

Nomination and Remuneration policy is placed on the website of the Company at [www.macpowercnc.com](http://www.macpowercnc.com)

**viii. Board Evaluation**

The Board of Directors has carried out an annual evaluation of its own performance, board committees, and individual directors pursuant to the provisions of the Act and SEBI (LODR) Regulations, 2015. The performance of the board was evaluated by the Board after seeking inputs from all the directors on the basis of criteria such as the board composition and structure, effectiveness of board processes, information and functioning, etc.

The performance of the committees was evaluated by the Board after seeking inputs from the committee members on the basis of criteria such as the composition of committees, effectiveness of committee meetings, etc.

In a separate meeting of independent directors, performance of non-independent directors, the board as a whole and the Chairman of the Company were evaluated, taking into account the views of executive directors and non-executive directors.

The Board and the Nomination and Remuneration Committee reviewed the performance of individual directors on the basis of criteria such as the contribution of the individual director to the board and committee meetings like preparedness on the issues to be discussed, meaningful and constructive contribution and inputs in meetings, etc.

Performance evaluation of independent directors was done by the entire board, excluding the independent director being evaluated.

As per Companies Act, 2013, Board has made annual evaluation of its own performance and also of its committees and Individual Directors. The evaluation of all the directors and the Board as a whole was conducted based on the criteria and framework adopted by the Board. Board of Directors is actively taking an action for evaluation.

## **1. BUSINESS OVERVIEW**

Your Company is engaged in manufacturing of CNC Turning Centers, Vertical Machining Centers, Horizontal Machining Centers, Cylindrical Grinder, Vertical Turret Lathe, Turn Mill Centers, Drill Tap Center, Twin Spindle VMC and also Multi-Tasking with sub-spindle and Robotic Automation. Adding to the solution capabilities, Macpower has also offered Robotic Automation integrated with CNC machines to cope up the demand of technology driven machining excellence. CNC Machining is a process used in the manufacturing sector that involves the use of computers to control machine tools. Tools that can be controlled in this manner include lathes, mills, routers and grinders. CNC stands for Computer Numerical Control. On the surface, it may look like a normal PC that control the machines, but the computer's unique software and control console are what really set the system apart for use in CNC machining. Under CNC Machining, machine tools function through numerical control, a computer program is customized for an object and the machines are programmed with CNC machining language (called G-code) that essentially controls all features like feed rate, coordination, Position and RPM. With CNC machining, the computer can control exact positioning and speed.

Company's in house research and development approach allows us to offer customized solutions to our customers. Macpower CNC Machines Limited is an ISO 9001:2015 certified Company for Manufacture and Supply of CNC Metal Cutting Machines Our Company is well equipped with the latest infrastructure and equipment, well qualified skilled intellectual capital to support the manufacturing of high end technology driven machines.

We are also expanding our capacity to nearly 1300 to 1500 machines per annum. This will help us to continue delivering growth at 20-25% CAGR for the next 3 to 5 year.

Further, as we have also been indicating, we have continuously been growing our order book in spite of strong revenue execution. This has led to our unexecuted order book as of 31st March, to grow to Rs. 146.86 crores, which at the beginning of the year was Rs. 120 crores.

## **2. ECONOMY OUTLOOK**

### **a. WORLDECONOMY**

The substantial economic costs of the conflict and elevated uncertainty has added to the challenges already facing policymakers from rising inflationary pressures and the imbalanced recovery from the pandemic. Faced with an adverse supply shock of uncertain duration and magnitude from higher commodity prices, monetary policy should remain focused on ensuring well-anchored inflation expectations and intervention if needed to ensure the smooth functioning of financial markets. Additional temporary, timely and well-targeted fiscal measures, where feasible, provide the best policy option to cushion the immediate impact of the crisis on consumers and businesses, especially with rising inflation limiting the room for monetary policy manoeuvre. Regulatory measures, to improve market design in order to enhance energy security and competitiveness, can also help reduce the vulnerability to some of the energy market disruptions in the short-term and beyond.

At the same time, economic damage from the conflict will contribute to a significant slowdown in global growth in 2022-23 and add to inflation. Fuel and food prices have increased rapidly, hitting vulnerable populations in low-income countries hardest. Prior to the conflict, the global recovery from the pandemic was expected to continue in 2022 and 2023, helped by continued progress with global vaccination efforts, supportive macroeconomic policies in the major economies and favourable financial conditions. The December 2021 OECD Economic Outlook projected global GDP growth of 4.5% in 2022 and 3.2% in 2023. Subsequent national accounts data and high-frequency indicators in early 2022 remained broadly consistent with this outlook, with business activity bouncing back quickly after the disruption from the Omicron variant in most countries.

In one respect, however, Russia and Ukraine do have an important influence on the global economy. This is via their role as major suppliers in a number of commodity markets. Russia and Ukraine together account for about 30% of global exports of wheat, 20% for corn, mineral fertilisers and natural gas, and 11% for oil. In addition, supply chains around the world are dependent on exports of metals from Russia and Ukraine.

Ahead of the conflict, the fiscal stance was set to tighten gradually in most advanced economies in 2022 and 2023 due to the gradual withdrawal of pandemic-related support measures and some discretionary fiscal consolidation. These plans are already being reconsidered in many countries due to the impact of the conflict.

### **EXPECTATION FOR FY2023:**

The global economy is entering a pronounced slowdown amid fresh threats from COVID-19 variants and a rise in inflation, debt, and income inequality that could endanger the recovery in emerging and developing economies, according to the World Bank's latest Global Economic Prospects report. Global growth is expected to decelerate markedly from 5.5 percent in 2021 to 4.1 percent in 2022 and 3.2 percent in 2023 as pent-up demand dissipates and as fiscal and monetary support is unwound across the world.

The slowdown will coincide with a widening divergence in growth rates between advanced economies and emerging and developing economies.

Beyond 2023, global growth is forecast to decline to about 3.3 percent over the medium term. War-induced commodity price increases and broadening price pressures have led to 2022 inflation projections of 5.7 percent in advanced economies and 8.7 percent in emerging market and developing economies—1.8 and 2.8 percentage points higher than projected last. Multilateral efforts to respond to the humanitarian crisis, prevent further economic fragmentation, maintain global liquidity, manage debt distress, tackle climate change, and end the pandemic are essential.

Global growth is expected to slow significantly in 2023, largely as a consequence of the war in Ukraine. A severe double-digit drop in GDP is expected in Ukraine due to fighting. A deep contraction is projected for Russia due to sanctions and European countries' decisions to scale back energy imports. The economic costs of war are expected to spread farther afield through commodity markets, trade, and—to a lesser extent—financial interlinkages. Fuel and food price rises are already having a global impact, with vulnerable populations—particularly in low-in Middle East countries. [Source: World Bank&IMF]

**b. INDIAN ECONOMY**

India economy has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next few years, backed by its robust democracy and strong partnerships.

We have been through over two years of challenging times posed by the COVID-19 pandemic. The impact continues to be felt with supply chain disruptions and steep increase in energy, logistics and other input costs. The commendable efforts by the medical fraternity, governments and various organisations have enabled the return to normalcy. Consequently, FY 2021-22 witnessed a faster than expected demand recovery and revival in business confidence with the Indian economy growing by 8.7% during the year.

As per the data published in a Department of Economic Affairs report, in the first quarter of FY22, India's output recorded a 20.1% YoY growth, recovering >90% of the pre-pandemic output in the first quarter of FY20. India's real gross value added (GVA) also recorded an 18.8% YoY increase in the first quarter of FY22, posting a recovery of >92% of its corresponding pre-pandemic level (in the first quarter of FY20). Also, in FY21, India recorded a current account surplus at 0.9% of the GDP. The growth in the economic recovery is due to the government's continued efforts to accelerate vaccination coverage among citizens. This also provided an optimistic outlook to further revive industrial activities.

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY2021-22.,

The country's large spatially diversified economy, which is not dependent on a few products, commodities, or natural resources, has further added strength to it. India engages with different trading partners spread across the world. Thus a slowdown limited to one part of the world will not result in a large impact on India.

Inflation in India is primarily driven by changes in the prices of food and fuel. A change in prices of crude oil is also responsible for inflation spikes in India. In the recent past, supply-chain disruptions caused by the pandemic have also contributed to a rise in prices.

**Recent economic developments in India are as follows:**

With an improvement in the economic scenario, there have been investments across various sectors of the economy. The private equity - venture capital (PE-VC) sector recorded investments worth US\$ 6.8 billion across 102 deals in November 2021 42% higher than November 2020. Some of the important recent developments in the Indian economy are as follows:

India's merchandise exports between April 2021 and December 2021 were estimated at US\$ 299.74 billion (a 48.85% YoY increase). In December 2021, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 56.4.

India's real gross value added (GVA) also recorded an 18.8% YoY increase in the first quarter of FY22, posting a recovery of >92% of its corresponding pre-pandemic level (in the first quarter of FY20). Also, in FY21, India recorded a current account surplus of 0.9% of the GDP.

Gross GST revenue for the month of May 2022 exceeded Rs. 1.40 lakh crore (US\$ 18.08 billion), a 44% YoY growth.

India's Index of Industrial Production (IIP) for November 2021 stood at 128.5 against 126.7 for November 2020.

**INDIAN ECONOMY OUTLOOK FOR FY-2023**

India's economy is estimated to grow by 8.2% in the current fiscal year (2022-23), sharply slower than the International Monetary Fund's ([IMF earlier forecast of 9% as the impact of Russia's invasion of Ukraine weighs heavily on prices and disruption of supply chains](#)).

The World Bank has slashed India's GDP forecast for fiscal year 2022-23 to 8% from 8.7% predicted earlier, citing worsening supply bottlenecks and rising inflation risks caused by Russia's invasion of Ukraine.

Meanwhile, the Asian Development Bank Outlook 2022 earlier said that India is likely to maintain its position as the fastest-growing major economy with a growth rate of 7.5% for 2022-23 on strong investment prospects.

The survey showed, "rising international commodity prices are the biggest risk emanating from the ongoing conflict as Russia and Ukraine are global suppliers of key commodities. Prolonging this conflict will further hit supplies of major raw materials, including crude oil, natural gas, food, fertilisers, and metals." The participants believed that inflation continues to be the most significant risk for India as well."

**3. INDUSTRY STRUCTURE AND DEVELOPMENT**

**Machine Tools Industry**

Machine tool sector is a basic capital good industry. It is a sub-sector of the engineering industry included under the category heavy engineering units. Machine tool segment produces mother machines therefore plays a vital role in the technological up gradation, quality control and cost in the engineering & manufacturing sector.

Machine tools industry is a critical part of the manufacturing sector. The machine tools industry in India has been serving the need for manufacturing through the production of machine tools, accessories/attachments, subsystems and parts.

**Industry Competitive Analysis**

<b><u>Threat of New Entrants</u></b>		
A well-established large player requires significant investment in technology, scale. Gap in domestic supply offers attractive opportunity for new entrants		
<b><u>Supplier Power</u></b>	<b><u>Competitive Rivalry</u></b>	<b><u>Customer Power</u></b>
Adequate supplier base for domestic supplies.  Increasing dependence on imports.	Industry, dominated by a few large players.  Significant growth opportunities for organised players.	User industries growing strongly.  Demand outstripping domestic supply.
<b><u>Threat of Substitutes</u></b>		
While there are no product substitutes, increasing imports are a threat to the domestic industry.		

**Industry Snapshot**

The Indian machine tool industry is growing at a steady pace and, with the continuous support of the government's aims to grow even further ahead and steadily positioned itself in the global market..

India stands 17th in production and 12th in the consumption of machine tools in the world. The country is set to become a key player in the global machine tools industry and is likely to see substantial high-end machine tool manufacturing. Studies have rated India higher in terms of manufacturing capability and availability of quality engineers. This design strength gives the Indian machine tools industry a competitive advantage, in terms of special purpose machine tools.

The Indian machine tools sector also offers several opportunities for investment. Given the current gap between demand and supply, there is now an increasing need for adding capacities in this sector. The industry is moving towards increasingly sophisticated CNC machines, driven by demand from key user segments, such as, Automobile, Aerospace, Agriculture Equipments, Medical Instruments, Railways, Defence Equipments, Electrical Accessories, Pumps & Valves, Die & Mould, consumer durables and General Engineering etc.

“Make in India” initiative introduced by the Government of India has identified automobiles, auto-components, biotechnology, defence, railways and textiles for development. Machine tool industry will be the key enabler in this journey as automobiles, auto-components, defence and railways have been the main users of machine tools. It gives great opportunity for the sector to grow at 20-25 percent annually to increase its market share. Consumption demand is expected to grow at 15.0 percent, and the domestic production meets less than 50.0 percent of the domestic demand. Industries whereas the small scale sector meets the demand of ancillary and other unit.

As the government emphasizes on 'Make in India' and 'Atmanirbhar Bharat', the spotlight is on the Indian manufacturing sector. Going by the industry reports of the last few years, there has been encouraging response to the Indian machine tools industry and is also projected to grow further in the coming years.

The India machine tools market is expected to exhibit a CAGR of 11.45% during 2022-2027. Keeping in mind the uncertainties of COVID-19, we are continuously tracking and evaluating the direct as well as the indirect influence of the pandemic on different end use industries.

The global Machine Tooling Market is estimated to surpass \$94.42 billion marks by 2026 growing at an estimated CAGR of more than 3.7% during the forecast period 2022 to 2026. Increasing demand for high efficiency in complex machining products is expected to drive the machine tooling market. Rise in demand for low operating cost and high precision, along with technological advancement in production processes, is further resulting in the popularity of CNC machine tools. Moreover, development and launch of next-gen, cutting-edge machine products and solutions are the central focus areas for key players in this market. These players are continuously investing in R&D to create enhanced and sophisticated offerings to strengthen their portfolio and further entrench their position in the market.

**Developments/ Road ahead:**

**Technology and Product Development**

Having access to the latest technology is a key imperative for success in the Indian manufacturing sector. As companies look to source manufactured products from India, they expect the same level of technology and product development capability in India that is prevalent in other global markets. Indian machine tool manufacturers have responded to this challenge by focusing on improvement in capabilities and performance in technology, design and product development.

## Productivity Improvement and Cost Reduction

The Indian manufacturing sector is highly competitive and continuous improvement in productivity and costs is imperative for players to sustain in the global market. Indian machine tool manufacturers have been focusing on critical areas such as, reduction of idle time, increased asset utilization; productivity through quality improvement; optimizing processes; leveraging IT to increase productivity and better management of productivity through appropriate performance metrics.

## Design and Innovation Capability

With user industries becoming more demanding, the machine tools sector faces the need to develop increasingly complex machine tools, to meet their customized requirements. At the same time, product development cycle times need to be crunched. This indicates that it is imperative for players to invest in R&D and develop robust design and innovation capabilities.

## Rising Adoption of Internet of Things (IoT) Technologies to Fuel Growth

One of the most prominent machine tools market trends is expected to be the increasing uptake of IoT in the manufacturing sector. This will be a result of escalating demand for information and access to information. Furthermore, producers are looking to bring down their production costs, streamline processes, and raise the safety quotient in their units. As a result, there is growing investment in IoT by manufacturers for improved management and control, which is propelling the machine tool market, especially CNC Machine tools

## Adoption of CNC Machine Tools in Medical Sector:

CNC machines are capable of producing sophisticated surgical instruments, tiny screws and everything in between. In addition medical machined parts for the most complex devices require tight tolerances, which is capable through CNC machine tools. Adding to this, multi-tool and multi-axis machines, such as CNC Swiss turning centers, improve the manufacturing of medical parts with shorter cycle times and owing to the features allowing versatility during production. Moreover several medical equipment manufacturers such as Pulse systems are focusing on adopting CNC machine tools for advancements in manufacturing.

## The Future of Machine Tool industry:

Machine tool industry has emerged in the new avatar courtesy of Digitalization and Industry 4.0. One of the oldest and traditional industries, the machine tool industry has walked many miles to achieve the current status.

In the coming years, digitalization will completely transform the Machine tool industry and the merger of these dynamic elements will result in process efficiency and productivity. Although the industry is flooded with numerous solutions, it is essential to identify the space, which requires transformation and adopt solutions accordingly. The industry is witnessing innovative technological solutions in every aspect of the processes.

The sensor integration, utilization of artificial intelligence (AI), and the integration of sophisticated simulation features, enable the advancements in machine performance and overall equipment effectiveness (OEE). Additionally, the advanced sensors and modern ways of communication, controlling, and monitoring systems allows creating new opportunities for smart services and new business models in the machine tool market. The digitally enhanced services are about to become part of each OEM's portfolio in the future.

Along with various innovative technologies, the market is laden with new trends, which will help to boost the machine tool industry. In the current digital age, mass customization, reduced time-to-consumer, error proofing using latest technologies are a few trends that require enhanced machine flexibility. It is essential to comprehend the new machines and utilize them to achieve maximum efficiency. Additionally, core aspects such as price, usability, longevity, process speed, quality, and greater machine flexibility are few characteristics of new machines.

Currently, data security, open communication interfaces, new information & communication technology (ICT) are essential elements to integrate digital applications and prominent automation solutions. This process will help to transform the machine tools into user friendly tools in the future.

Advancements in hardware and software are changing the Machine Tool Industry. Industry trends in the coming years are likely to focus on these advancements, especially as they pertain to automation.

The machine tool industry is expected to see advancements in:

- a. CNC software advancements
- b. Automated and IoT-ready machines
- c. Artificial intelligence (AI)
- d. Inclusion of smart features and networks

#### 4. SWOT ANALYSIS:

##### **STRENGTH**

- Ø Robust Team of Research & Development.
- Ø Ever-growing production capacity.
- Ø Wide range of products.
- Ø Satisfied and prestigious Client base.
- Ø Experienced and Visionary Management.
- Ø Trained Workforce.
- Ø Debt Free culture.
- Ø Strong Operational and Financial Strength.
- Ø Delivering value to end users
- Ø Strong tender/ Government Business
- Ø Dispatching Machines to defence sector, educational sector etc.

##### **WEAKNESS**

- Ø Long manufacturing cycle.
- Ø Inventory Maintenance of critical components.

##### **OPPORTUNITIES**

- Ø High opportunities in defence sector: Invoking Atmanirbhar Bharat (Self-Reliant India) initiative, the Ministry of Defence (MOD) has announced ban on the import of 101 items of defence equipment. As an equipment type comes under the import embargo, the military will be required to buy it from Indian defence manufacturers. This decision will offer great opportunity to the Indian defence industry to manufacture items on the negative list by using its own design and development capabilities or adopting the technologies designed and developed by the Defence R&D Organization to meet the requirements of the Armed Forces.
- Ø Introducing PPP model in Indian Railways and privatization of trains helps to boost some changes in the Railway sector as a whole, with a positive impact on machine tool industry.
- Ø Growing demand of capital goods in the market.
- Ø Presence of fewer major players in the machine tools industry.
- Ø Automation and artificial intelligence opening doors for machine tools manufactures to manufacture high end machines with specifications.
- Ø Make in India' and 'Aatmanirbhar Bharat' abhyan are triggering concepts for Indian Manufacturer and which will enhance in-house manufacturing and reduces burden of imports.
- Ø There is opportunity and potentiality for Exporting of Machines and Machining components

**THREAT**

- Ø Entry of global players in the machine tools industry.
- Ø Mobilization of funds in various segments of industry is very essential for demand pull in capital goods sector. This is to be maintained on macro-economic level otherwise poses a threat to capacity utilization of any machine tool company since, majority of machines roll out based on end user's loan facilities.
- Ø External factors such as political, environmental, technical etc
- Ø Competition from international players manufacturing/supplying in India.

**Disclaimer: This information has been collected through secondary research and Company is not responsible for any errors in the same. All figures are approx.**

**Approach of Macpower**

- Ø Your company is also taking all the stated points into consideration to take necessary steps to enter into newer industry segments, newer geographical markets, making changes in current product portfolio and incorporating feasible IoT to maintain the growth trajectory for it.
- Ø Your company is vigilant enough with above factors and use to have internal restructuring mechanism to counter the above mentioned conditions to maximum extent.

**5. PRODUCT WISE PERFORMANCE IN FY-2022**

Sales in value – Product wise in 2021-2022

**6. RISKS & CONCERNS**

The Company has adopted a comprehensive and integrated risk appraisal, mitigation and management process. The risk mitigation measures of the Company are placed before the Board of Directors' periodically for review and improvement.

<b>Key Risks</b>	<b>Impact on the Company</b>	<b>Mitigation</b>
<p>Volatile global political and Economic scenario</p>	<p>Corporate spending on capital goods has shown strong correlations with GDP growth. The Company derives a material portion of its revenues from customers’ discretionary spending which is linked to their business outlook. Political disruptions or volatile economic conditions (US-China trade conflicts, Russia-Ukraine conflict etc.) may adversely affect that outlook resulting in reduced spending which could restrict revenue growth opportunities.</p>	<ul style="list-style-type: none"> <li>● Well diversified business strategy across geographies and industry verticals.</li> <li>● Cater to other untouched market segment.</li> <li>● Long term contracting models.</li> </ul>
<p>Business model changes</p>	<p>Rapidly updates or changes in technologies, demand of new design from buyers, new competitors, giving rise to entirely new business models. This will result in increased demands on the Company’s ability to keep pace with the changing customer expectations. Failure to cope may result in loss of market share and impact business growth.</p>	<ul style="list-style-type: none"> <li>● Strong customer-centricity which aligned to customer needs.</li> <li>● Continue research and development for emerging technologies, innovation, and solution.</li> <li>● Staying relevant to customers constantly.</li> </ul>
<p>Litigation risks</p>	<p>Given the scale and geographic spread of the Company’s operations, litigation risks can arise from commercial disputes, perceived violation of intellectual property rights and employment related matters. In addition to incurring legal costs and distracting management, litigations garner negative media attention and pose reputation risk.</p>	<ul style="list-style-type: none"> <li>● Strengthening internal processes and controls to adequately ensure compliance with contractual obligations.</li> <li>● Potential disputes are promptly brought to the attention of management and dealt with appropriately.</li> </ul>
<p>Operation risks</p>	<p>Any increase in costs for raw materials and components, interruptions in their availability and poor quality of these raw materials, Dependence on a few suppliers for key components may require us to procure them from other suppliers at higher cost, Demand for our products depends various industries type, foreign currency exchange rate fluctuations for imports etc.</p>	<ul style="list-style-type: none"> <li>● In-house process and machining of our products will reduce dependency on suppliers.</li> <li>● Planning of inventory with import schedule and research global factor for price fluctuations.</li> <li>● Import certain equipment to check quality of raw materials.</li> <li>● Periodical review of requirement and procurement by Purchase, Procure and Control department.</li> </ul>

**7. INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY**

Your Company has an effective internal control and risk-mitigation system, which are constantly assessed and strengthened with new/revised standard operating procedure. The Company's internal control system is commensurate with its size, scale and complexities of its operations. The main trust of internal audit is to test and review controls, appraisal of risks and business processes, besides benchmarking controls with best practices in the industry.

The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same, if needed. The Company has a robust Management Information System, which is an integral part of the control mechanism.

The Audit Committee of the Board of Directors, Statutory Auditors and Heads are periodically apprised of the internal audit findings and corrective actions taken. Audit plays a key role in providing assurance to the Board of Directors. To maintain its objectivity and independence, the Internal Audit functions reports to the Chairman of the Audit Committee.

**8. OPERATIONAL PERFORMANCE**

**9. HUMAN RESOURCES**

Your Company enjoys the support of committed and well satisfied human capital. Compensation packages offered by the company, recruitment process, training, motivation and performance appraisal, attract and retain the best talent. The Company had 578 permanent employees as on March 31, 2022. Industrial relations remained cordial throughout the year.

For the safety of our employees in these pandemic times we have made COVID-19 SOPs by following all the Government directives to prevent from spread of Coronavirus (COVID-19) and also trained our employees to adhere to aforesaid SOPs and government directives from time to time in letter and spirit.

A report on corporate governance is set out in compliance with the corporate governance requirements as stipulated in SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015.

## **I. COMPANY'S PHILOSOPHY ON THE CORPORATE GOVERNANCE.**

The Company's philosophy on Corporate Governance is embedded in the rich legacy of ethical governance practices. This includes its corporate and other structures, its culture, policies and the manner in which it deals with various stakeholders. Accordingly timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the company is an important part of corporate governance.

Integrity, accountability, transparency and compliance with laws which are the columns of good governance are connected in the Company's robust business practices to ensure ethical and responsible leadership both at the Board and the Management Level.

Your company has complied with the requirement of corporate governance as laid down under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

## **II. BOARD OF DIRECTORS**

The Board of Directors of the Company is duly constituted. The Composition of Board of Directors of the Company comprises of Executive and Non-Executive directors as on 31st March, 2022, the board of directors of the company consists of six directors out of which four (4) are Non-Executive and amongst the four (4) Non-Executive Directors Three (3) are independent directors and one (1) is Woman Non-Executive director which is in conformity with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015("Listing Regulations") and the Company's Act, 2013 ("ACT").

Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI Listing Regulations and Section 149(6) of the Act along with rules framed thereunder. In terms of Regulation 25(8) of SEBI Listing Regulations, they have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations and that they are independent of the management. **To The Member of Macpower CNC Machines Limited**

## **Opinion**

---

We have audited the accompanying standalone Ind AS Financial Statements of Macpower CNC Machines Limited ("the Company"), which comprises the Balance Sheet as at 31 March 2022, the statement of Profit & Loss (including statement of Other Comprehensive Income), the Cash Flow Statements and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, (herein after referred to as "the standalone Ind AS Financial Statement")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, the Profit and other comprehensive Income, changes in equity and its cash flows for the year ended on that date.

## **Basis for Opinion**

---

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, as specified under section 143(10) of the act. Our responsibilities under those Standards are further described in the 'Auditor's responsibilities for the audit of the standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the act and rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

## **Key Audit Matters**

---

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	Response to Key Audit Matter
<p><b>Revenue recognition.</b></p> <p>As disclosed in note 2.2 Revenue in respect of sale of goods is recognized when control of the products being sold is transferred to our customer and measured at contracted price, after deduction of any trade discounts, and any taxes or duties collected on behalf of the Government such as goods and services tax, etc.</p> <p>The application of the revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p>	<p>We assessed the Company's process to identify the impact of adoption of the revenue accounting standard.</p> <p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> <li>• Evaluated the design of internal controls relating to implementation of the revenue accounting standard.</li> <li>• It is observed that in majority of the cases, transaction price is charged at ex-works price and revenue is booked at the time of dispatch of the goods.</li> <li>• The above method followed by the company is in line the provisions of Ind AS 115 - 'Revenue from contracts with customers'</li> </ul> <p>Conclusion: We agree with the management's evaluation.</p>
<p><b>Contingent liabilities relating to taxation, litigations and claims (also refer Note 29)</b></p> <p>The contingent liabilities relate to ongoing litigations and claims with various authorities and third parties. These relate to direct tax, indirect tax, transfer pricing arrangements, claims, general legal proceedings, environmental issues and other eventualities arising in the regular course of business.</p> <p>The determination of contingent liability requires significant judgement by the Company because of the inherent complexity in estimating future costs. The contingent liabilities are subject to changes in the outcomes of litigations and claims and the positions taken by the Company. It involves significant judgement and estimation to determine the likelihood and timing of the cash outflows and interpretations of the legal aspects, tax legislations and judgements previously made by authorities.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> <li>• Understanding the process followed by the Company for assessment and determination of the amount of contingent liabilities relating to taxation, litigations and claims.</li> <li>• Evaluating the design and implementation and testing operating effectiveness of key internal controls around the recognition and measurement of re-assessment of contingent liabilities.</li> <li>• Involving our tax professionals with specialised skills and knowledge to assist in the assessment of the value of significant contingent liabilities relating to taxation matter, on sample basis, in light of the nature of the exposures, applicable regulations and related correspondence with the authorities.</li> <li>• Inquiring the status in respect of significant contingent liabilities with the Company's internal tax and legal team, including challenging the assumptions and critical judgements made by the Company which impacted the computation of the provisions and inspecting the computation.</li> <li>• Assessing the assumptions used and estimates of outcome and financial effect, including considering judgement of the Company, supplemented by experience of similar decisions previously made by the authorities and, in some cases, relevant opinions given by the Company's advisors.</li> <li>• Testing data used to develop the estimate for completeness and accuracy.</li> <li>• Evaluating judgements made by the Company by comparing the estimates of prior year to the actual outcome.</li> <li>• Evaluating the Company's disclosures in the standalone financial statements in respect of provisions and contingent liabilities</li> </ul> <p>Conclusion: We agree with the management's evaluation</p>

## **Information Other than Financial Statements and Auditor's Report Thereon**

The company's board of directors and management is responsible for the preparation of the other information. The other information comprises the information included in Management discussion and analysis, Board's report including Annexure to board's report, business responsibility reports, corporate governance and shareholder's information, but doesn't include standalone financial statements and our auditor's report thereon.

Our opinion on standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of standalone financial statement, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the standalone financial statement or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

## **Management's and Board of Director's Responsibility for the Standalone Ind AS Financial Statement**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will

always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, based on our audit we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
  - (e) On the basis of the written representations received from the directors as on 31st March, 2022 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act;
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - A. The Company has disclosed the impact of pending litigations on its financial position in its financial statements Refer Note 29 to the standalone financial statements;
    - B. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

**ANNEXURE-B****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **Macpower CNC Machines Limited** as of 31<sup>st</sup> March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls:**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility:**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on “Audit of Internal Financial Controls Over Financial Reporting” and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting:**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting:**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion:**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes forming part of the Financial Statements:  
For the year ended on March 31, 2022****Corporate Information :**

Macpower CNC Machines Limited was incorporated in 2003. The Company is situated at Plot No. 2234, Near Kranti Gate, GIDC Metoda, Rajkot -360 021 Gujarat. The Company is engaged in the business of manufacturing and sale of CNC and VMC Machines.

**1 Basis of Preparation and presentation**

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended. and presentation requirements of Division II of schedule III to the Companies Act, 2013 (as amended), on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The financial statements are presented in INR (Rs.) (Indian Rupees) which is also Company's functional currency and all values are shown upto two decimal in lacs & value are rounded to the nearest thousand, except when otherwise indicated.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

**2 Summary of significant accounting policies followed by the Company****2.1 Accounting Charges:**

- (i) The Company follows the mercantile system of accounting and recognises income and expenditure on an accrual basis except in case of significant uncertainties.
- (ii) The financial statements have been prepared under historical cost convention on an accrual basis except in case of assets for which provision for impairment is made.
- (iii) Estimates and assumptions used in the preparation of these financial statements and disclosures made therein are based upon Management's evaluation of the relevant facts and circumstances as of the date of the financial statements, which may differ from the actual results at a subsequent date.

**Key Estimates**

The preparation of standalone financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:**

**For the year ended on March 31, 2022**

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

A. Estimate of Tax

Recognition of provision of current tax and deferred tax refer- Note 2.4

B. Estimation of useful lives and residual value of Property, Plant and equipment and intangible assets

Estimation of usefule lives and residual value of PPE and intangible assets refer- Note 2.3

C. Lease

Measurement of Right of Use Asset and Lease liabilities refer-Note-2.11.

**2.2 Revenue Recognition:**

- a Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations. The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.
- b Revenue is measured on the basis of contracted price, after deduction of any trade discounts, and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.
- c Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations.
- d Interest income is recognised using the effective interest rate (EIR) method.
- e Revenue in respect of other income is recognised when no significant uncertainty as to its determination or realisation exists.

**2.3 Property, plant and equipment and Intangible Assets**

**Property, plant and equipment**

- a Property, plant and equipment are stated at cost less accumulated depreciation / amortisation and impairment loss, if any, except freehold land which is carried at cost. The cost comprises its purchases price, borrowing cost and any cost directly attributable to the bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustment arising from exchange rate variations attributable to the assets. Subsequent expenditures related to an item of Fixed Assets are added to its book value only if they increases the future benefits from the existing asset beyond its previously assessed standard of performance.

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:**

**For the year ended on March 31, 2022**

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as “Capital work-in-progress”

- b All other expenses on Property, plant and equipment, including repair and maintenance expenditure and replacement expenditure of parts, are charged to Statement of Profit and Loss for the period during the which such expenses are incurred.
- c Gains or losses that arise on disposal or retirement of an asset are measured as the difference between net disposal proceeds and the carrying value of an asset and are recognised in the statement of profit and loss when the asset is derecognised.

**d Depreciation methods, estimated useful lives and residual value**

2 The management of the company believes that the useful lives as given below best represent the useful lives of these assets based on internal assessment and supported by technical advice wherever necessary which is as prescribed under Part C of Schedule II of the Companies Act 2013.

Sr. No.	Assets Category	Useful Life (Years)
1	Building	30 Years
2	Computers	3 Years
3	Furniture & Fixtures	10 Years
4	Plant & Machinery	15 Years
5	Vehicle	8 Years

**Intangible Assets**

- a Intangible assets purchased are initially measured at cost. The cost of an intangible asset comprises its purchase price including duties and taxes and any costs directly attributable to making the asset ready for their intended use.
- b Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in standalone statement of profit or loss as incurred.
- c Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.
- d **Amortization methods, estimated useful lives and residual value**  
The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their estimated useful lives. Estimated useful lives by major class of finite-life intangible assets are as follows:

Sr. No.	Assets Category	Useful Life (Years)
1	Computer software and mobile application	6 Years
2	Other Software	3 Years
3	Designs for Machinery	10 Years

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:**

**For the year ended on March 31, 2022**

**e Impairment of Assets:**

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units).

**2.4 Taxation**

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Provision for tax comprises of current and deferred tax. Provision is made on the basis of deductions available under relevant tax laws. Deferred tax resulting from "temporary differences" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward for temporary differences of items other than unabsorbed depreciation and accumulated losses only to the extent that there is a reasonable certainty that the assets can be realised in future.

Deferred tax assets are reviewed as at each balance sheet date for their reliability.

**2.5 Financial Instruments**

**a) Other investments and financial assets**

**(i) Classification**

The Company classifies its financial assets in the following measurement categories:

- \* those to be measured subsequently, at fair value (either through other comprehensive income, or through profit or loss), and those already measured, at amortised cost.

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:**

**For the year ended on March 31, 2022**

\* The classification is done depending upon the Company’s business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will be recorded in profit or loss.

**(ii) Measurement**

**At initial recognition**

At initial recognition, the Company measures a financial asset at its fair value.

**Subsequent Measurement**

Assets that do not meet the criteria for amortised cost, are measured subsequently at fair value through profit or loss e.g. investments in mutual funds.

**(iii) Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk and if so, assess the need to provide for the same in the Statement of Profit and Loss.

**(iv) Derecognition of financial assets**

A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

**(v) Income recognition**

**Interest Income**

Interest income from fixed deposits is recognised using the effective interest rate method. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

**b) Financial Liability**

**(i) Classification as debt or Equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

**(ii) Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company’s financial liabilities include borrowings, trade payables and other financial liabilities.

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:****For the year ended on March 31, 2022****(iii) Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

**a. Trade and other payable**

These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. These payable are classified as 'current liabilities' if payments are due within one year or less otherwise they are presented as 'non-current liabilities'. Trade and payables are subsequently measured at amortised cost using the effective interest method.

**Derecognition**

Liability is removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ (losses).

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Liability is classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

**2.6 Foreign Currency Transactions:**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

**a Initial Recognition:**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting current and the foreign currency at the date of the transactions.

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:**

**For the year ended on March 31, 2022**

**b Conversion:**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non- monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transactions. Non- monetary items, which are measured at fair value or others similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

**c Exchange Differences:**

The company accounts for exchange differences arising on translation/ settlement of foreign currency monetary are recognized as income or as expenses in the period in which they arise.

**2.7 Inventories:**

**a** Raw Materials, Work-In-Progress and Finished Goods are valued at Cost or Net Realizable Value whichever is lower. Waste and Scrap are valued at Net Realisable Value.

Cost of Inventories comprises cost of purchase, cost of conversion and other costs incurred in bringing the inventories to the present location and condition.

**2.8 Government Grants:**

**a** During the year company is not eligible for any government grant and subsidy. Therefore same is not booked in the accounts .

**2.9 Employee Benefits:**

**a** Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contributions payable to the provident fund scheme as an expenditure, when an employee renders the related services.

**b** The Company has defined benefit plans for its employees, viz., gratuity. The cost of providing benefits under this plans are determined on the basis of actuarial valuation at each year end. Actuarial valuation is carried out for the plan using the projected unit credit method. Actuarial gains and losses for defined benefit plans are recognised in full in the period in which they occurs in the statement of profit and loss.

**2.10 Borrowing Costs:**

During the year, company has not incurred any borrowing cost. However the policy for the same is as under:

**a** Borrowing cost includes interest and ancillary costs incurred in connection with the arrangement of borrowings.

**b** Borrowing costs directly attributable to the construction of an asset that necessarily take a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All of these borrowing costs are expensed in the period they are incurred.

**Macpower CNC Machines Ltd.**

CIN: L30009GJ2003PLC043419

**Notes forming part of the Financial Statements:****For the year ended on March 31, 2022****2.11 Lease:**

- a** Assets taken on lease by the Company in its capacity as lessee, where the company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability of each year.
- b** Lease arrangement where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight line basis over the lease term.
- c** Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease. The Company's lease asset primarily consists of land and Building. The company assesses whether a contract contains a lease, at inception of contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
  - (i) the contract involves the use of an identified asset
  - (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and
  - (iii) the Company has the right to direct the use of the asset.

**As a Lessee**

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases), and lease contract for which the underlying asset is of low value (low-value assets). For these short-term, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial measurement of the lease liability adjusted plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate of cost of capital. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

In calculating the present value of lease payments, the company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable.

**Notes forming part of the Financial Statements:**

**For the year ended on March 31, 2022**

**2.12 Cash and cash equivalents**

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, balance with banks.

**2.13 Earning Per Share:**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number of equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**2.14 Provision, Contingent Liabilities and Contingent Assets:**

- a Provision is recognised in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates reviewed at each reporting date and adjusted to reflect the current best estimate.
- b Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are not recognised in the financial statements.

**2.15 Amendments to Schedule III of the Companies Act, 2013**

Ministry of Corporate Affairs (MCA) issued notifications dated 24th March, 2021 to amend Schedule III of the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting 1st April, 2021 and applied to the standalone financial statements:

- a Lease liabilities separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- b Certain additional disclosures in the standalone Statement of Changes in Equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- c Additional disclosure for shareholding of promoters.
- d Additional disclosure for ageing schedule of trade receivables, trade payables, capital work-in-progress.
- e Specific disclosure such as title deeds of immovable property not held in the name of the Company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties etc.
- f Additional disclosures relating to Corporate Social Responsibility (CSR) and undisclosed income.

**Notes forming part of the Financial Statements:****For the year ended on March 31, 2022****2.16 Social Security, 2020**

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits has received Presidential assent on 28th September 2020. The Code has been published in the Gazette of India. However, the effective date of the Code is yet to be notified and final rules for quantifying the financial impact are also yet to be issued. In view of this, the Company will assess the impact of the Code when relevant provisions are notified and will record related impact, if any, in the period the Code becomes effective.

**2.17 Recent Accounting Developments**

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, as and when they become effective. The Ministry of Corporate Affairs (MCA) has notified certain amendments to Ind AS, through Companies (Indian Accounting Standards) Amendment Rules, 2022 on 23rd March, 2022. These amendments maintain convergence with IFRS by incorporating amendments issued by International Accounting Standards Board (IASB) into Ind AS and has amended the following standards:

- i. Ind AS 101 - First-time adoption of Ind AS
- ii. Ind AS 103 – Business Combinations
- iii. Ind AS 109 – Financial Instruments
- iv. Ind AS 16 – Property, Plant and Equipment
- v. Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets
- vi. Ind AS 41 – Agriculture

These amendments shall come into force with effect from April 01, 2022.

The Company is assessing the potential effect of the amendments on its financial statements. The Company will adopt these amendments, if applicable, from applicability date

**Sensitivity Analysis**

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Liabilities are very less sensitive due to change in mortality assumptions. Hence,sensitivities due to change in mortality are ignored.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet. There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

**B. Provident Fund**

Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

**35 FINANCIAL RISK MANAGEMENT (Cont.)**

**Fair Value Hierarchy: -**

The table below analysis financial instruments at fair value, by valuation method. The different levels have been identified as follows:

Level 1: - Quoted prices in active markets for identified assets or liabilities.

Level 2: - Inputs other than quoted prices included with level 1 that are observable for the assets or liability, other directly (i.e.as prices) or indirectly (i.e. derived from prices.)

Level 3: - Inputs for the assets or liabilities that are not based on observable market data (underrated inputs)

The risk management policies aims to mitigate the following risks arising from the financial instruments:

- 1 Market Risk
- 2 Credit Risk
- 3 Liquidity Risk

**1 Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market prices. The Company is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

The Company seeks to minimize the effects of these risks by using financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the Management and the internal auditors on a continuous basis. The Company does not enter into or trade financial instruments, including derivatives for speculative purposes.

**2 Credit Risk**

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. Company's credit risk arises principally from the trade receivables, loans, investments in debt securities, cash & cash equivalents, derivatives and financial guarantees. Company has a policy to get the collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

**35 FINANCIAL RISK MANAGEMENT (Cont.)**

**a) Trade Receivables**

Customer credit risk is managed centrally by the Company and subject to established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits defined in accordance with the assessment. Trade receivables consist of a large number of customers spread across diverse industries and geographical areas with no significant concentration of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables. To mitigate credit risk from trade receivables, the company has adopted a policy of despatching machines only on receiving full amount unless to Government department or dealing with creditworthy parties exceptionally. The history of trade receivables shows a negligible allowance for bad and doubtful debts.

During the year company has identified disputed trade receivable. However company is considering it good and expecting full recovery of amount considering past transactions experience of customer with the company.

**b) Loans and investment in debt securities**

The Company’s centralized treasury function manages the financial risks relating to the business. The treasury function focuses on capital protection, liquidity and yield maximization. Investments of surplus funds are made only in approved counterparties within credit limits assigned for each of the counterparty. Counterparty credit limits are reviewed and approved by the Company. The limits are set to minimize the concentration of risks and therefore mitigate the financial loss through counter party’s potential failure to make payments.

**c) Cash and cash equivalents**

Credit risks from balances with banks and financial institutions are managed in accordance with the Company policy.

**3 Liquidity Risk**

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. The Company requires funds both for short term operational needs as well as for long term capital expenditure growth projects. The Company generates sufficient cash flow for operations, The Company has established an appropriate liquidity risk management framework for the management of the Company’s short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**Capital management**

For the purpose of the Company’s capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company’s capital management is to maximize the shareholder value.

The Company monitors its capital using gearing ratio. The funding requirements are met largely through internal accruals, income generated from its investments.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022 and 31 March 2021.

**Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.
